## DULL DAY IN COURT

The Departments of Justice Are Taking It Easy These Days.

## GAMBLERS' CASE TOMORROW

The Three Men Arrested in Connection With the Shields' Robbery Appear Before Justice Donoghue.

Business was very dull in the district court yesterday, no case of general interest coming up.

The case of Julianne Lemonde vs. Herman G. S. Thofehrn was continued for the term.

The case of Robinson vs. Klein-schmidt was set for June 4.

The case of the 4 for gamblers again came up and Attorney Rogers filed a demurrer to the indictment. The court took the case under advisement and the point will be decided this morning.

In Justice Donoghue's court William Clark, the last man arrested in the Shields robbery case, was tried by a jury on the charge of vagrancy. Clark employed no defense for he knew the ropes pretty well himself. He told his story and admitted that he had been begging. He said he came here from Spokane, where he worked one week, then he traveled to Anaconda on a brake beam. Notwithstanding this and the fact that he had no visible means of support, the jury found him not guilty.

Claude Moore, the colored man in the Shields case, was arraigned a little later in the same court. Attorney Duffy appeared for Moore, who pleaded not guilty. He was allowed to go by putting up a \$300 cash bond and cited to appear Friday at 10 o'clock.

John Murphy, the third man in the case, and the first arrested, was then arraigned. His case was set for examination at 2 o'clock Friday. Murphy has before been convicted in Justice Donoghue's court under the name of Doran.

Police Judge Fitzgerald passed sentence upon three prisoners yesterday. The first was Charles Nelson and T. C. Hilbert, who were arrested the day before for fighting in the Headquarters saloon. They were let off with a fine of \$10 and costs each.

J. H. Stevens and W. D. Whitford were also up for fighting, having gotten into a scrap in the alley back of Merrill's jewelry store. They also contributed \$10 and trimmings to the city coffers.

James Waller was fined \$10 and costs for assaulting Charles Watson on the street.

## NEW BASEBALL SUITS.

The Anaconda Team Will Now Appear in Brand New Attire.

The Anaconda baseball team are now the proud possessors of brand new ball suits. They arrived yesterday from Chicago. The suits conform in color with the colors of the club, which are black and old gold. The pants and shirt are made of black material of very good grade, the former being well padded. Down the side runs an old gold stripe and on the breast of the shirt looms up a big A in the same bright color. The caps are black, with two old gold bands and the stockings all black. The team which has been playing championship ball so far this season will play all the better in their neat, new suits.

Arrangements have been nearly completed whereby the strong Helena team is to have played in Butte on next Sunday and in this city on Decoration day, the heavy expenses of the venture to be equally divided between the two cities. Owing to the fact that the Butte team has had difficulty with its former manager, who neglected to reply to the proposition made by the Anaconda club, the games with Helena must unfortunately be postponed. The new manager of the Butte team and the local club's management perfected arrangements late last night, whereby the Anaconda's will go to Butte on

Who will take and pay for at the rate of \$10 a month a splendid, new upright piano, full size, 7 1/3 octaves, three strings, cabinet grand, worth and regularly sells at \$375—who will take it today at \$188?

In buying one of these pianos of the manufacturers you save all intermediate profits from the agent down to the factory that produced it. You buy direct of the wealthiest and most financially responsible piano manufacturing concern in the world. ## Flying the Yellow Flag.

San Francisco, May 25.—The Pacific Mail steamer Colon arrived to-day from Panama and way ports flying the yellow flag and was immediately ordered into quarantine. After the steamer left Panama several cases of malignant fever broke out in the steerage and three persons died. As yellow fever was rife upon the isthmus when the Colon left Panama, it was at first feared that the dread disease had broken out on board, but this fear proved to be unfounded. After being fumigated her passengers were allowed to land.
